

# ECHO SOUNDER DS 2006

## NAVIGATION SOUNDER

DS-2006

DS2006 is one kind of fathometer for ship, and at the same time, it is provided with 6'-width (150mm) recording paper imitating signals and 0.8' digital depth display, providing depth data output of NMEA0183.

It is up to the standard of GB/T 8016.

It is the ideal choice for the depth sounding for ship navigation. This product's shallow water blind area reaches 0.3 meter, and you may choose the installation with diversion cover and digital compound depth display.

### Product Specifications

TRANSDUCER

Transducer: 200kHz

Power : 500W(RMS)

Display : 0.8 inch Digital

Record : 6 inch Paper Cartridge

Size : W340, H320, D162 (mm)

Basic Sounding : 10, 25, 50, 500 (m)

Input Power : DC 18-36V, AC 220V(+,-10%)

Power Consumption : 35W

Interface : NMEA0183
